Freight + Volume is pleased to announce: "We Build The Worlds Inside Our Heads" – a group exhibition featuring five emerging artists (coupled with a solo project by Ion Birch entitled "Little Man"), who delve into the representation of memory, intelligence and states of mind by isolating familiar, oft-abstract sociological structures and then welcoming them into their individually-oriented narrative worlds.

Six soldiers, reported by an unofficial military newspaper to be on a mission to kill the Antichrist, were charged Thursday with desertion from their intelligence unit in West Germany, Pentagon spokesman said. A friend also told another newspaper that one of the soldiers arrested in this Florida Panhandle city, a hotbed for UFO sightings, was interested in unidentified flying objects and wanted to attend a UFO convention in nearby Pensacola. – *Northwest Florida Daily News, 1990.*

"The old gallery owners who don't want anything to change, the old businessmen who don't want anything to change, the real-estate speculators who want to carve the place up into high-priced chunks, and the business-improvement people who want to bring in Starbucks." – *LA Weekly, 2003.*

For our struggle is not against flesh and blood, but against the rulers, against the authorities, against the powers of this dark world and against the spiritual forces of evil in the heavenly realm. – *Ephesians 6:12.*

As American and Allied forces increased in the Persian Gulf region, along with an international press corps jockeying for position to be the first to cover the outbreak of hostilities, hotels in Kuwait City and elsewhere in the vicinity were packed. – *Nation's Restaurant News, 2003.*

For believers it will be a time of incredible blessing. For the majority of those still alive (after the seven long weary years of tribulation) it will be a time of "mourning." They will weep that they have been left behind and have forfeited the many blessings God had prepared for them. – *LeftBehind.com*

Sexual intercourse (according to Bishop Jeremy Taylor) should be "moderate, so as to consist with one's health." But "without violent transporting desires, or too sensual applications." – *Sexual Morality in the World's Religions.*
